Dear Ms. Dortch:

I am writing to request a waiver for the deadline on my school district's E-rate for forms 470 and possibly 471. Our district experienced a change in personnel right before the June 2014 deadline. Consequently, as the previous person responsible left, he neglected to share out that he had not completed the required filings.

I have been advised that his filings require a waiver in order for us to be considered for funding for the 13-14 school year. Please feel free to contact me at [lstein@milan.k12.mo.us](mailto:lstein@milan.k12.mo.us) for any further information you need to process this request.

Respectfully,

Leah Stein
